

Business Continuity and Disaster Recovery Plan

Fictitious compliance test document — Sentinel V5 sample data

Objective

Northstar Community Services Ltd. maintains this plan to support continued operation during infrastructure outages, cyber incidents, facility disruptions, and loss of critical personnel.

Recovery Objectives

Critical customer-facing services have a recovery time objective of 8 hours and a recovery point objective of 4 hours.

Backup Requirements

Production databases are backed up daily. Backup restoration tests must be performed quarterly and documented with test date, operator, result, and identified issues.

Testing

The next scheduled disaster-recovery exercise is 15 October 2026. The exercise must include restoration of a representative production dataset and confirmation that application credentials remain valid.
